## DEPARTMENT OF INSTRUCTIONAL SYSTEMS AND WORKFORCE DEVELOPMENT

### **Master of Science in Instructional Technology Curriculum**

The courses selected for the individual program emphasis are determined jointly by the student, major professor, and graduate committee based on individual student goals.

The time limit on credits earned that can be accepted toward fulfilling requirements for the MSIT degree is eight years. The time limit begins when the first course on the program is taken. One-half (or more) of the hours on the graduate program exclusive of thesis credit must be 8000 level or above.

Not more than six semester hours of graduate credit earned in Directed Individual Studies (7000) courses or six semester hours of Special Topics (6990, 8990) courses may be included on the student's approved degree program. Not more than nine semester hours of a combination of Directed Individual Studies and Special Topic courses may be included on the student's approved degree program.

#### **Admission Requirements:**

A student applying for admission into the Department of Instructional Systems and Workforce Development must submit the complete application packet to the Office of the Graduate School no later than April 1 for Summer, July 1 for Fall, and November 1 for Spring.

#### **Disclaimer**

Each student is responsible for knowing and completing all requirements established for his or her degree by the University, college, and department. A student's advisor does not assume that responsibility. Any substitution, waiver, or exemption from any established departmental or college requirement or academic standard is accomplished only with the approval of the student's academic college dean. Exceptions to University requirements, including the general education (core) requirements, are authorized only with the approval of the student's dean and the dean of the Graduate School.
